Vision:

To create a campus culture that promotes social awareness, sustains student involvement and empowers students to become civically minded graduates who are actively engaged in social impact both locally and globally.

The Center for Community Engagement (CCE) works with a broad cross-section of campus and industry/community partners to coordinate and support student outreach and advocacy, civic engagement and volunteer service efforts.

Short and Long-term Strategic Planning Process:

Our campus is in the process of developing strategies to support and sustain civic and student engagement.

- Our short-term goal is to design a culture of assessment designed measure student engagement and the define collective impact in Pomona and the greater Los Angeles area.
- Our long-term goal is to create a campus culture of engagement through curricular and co-curricular programs.
