

Linfield College ALL IN Campus Democracy Executive Summary
2020-2021 Academic Year

OVERVIEW

Who developed this action plan?

This action plan was developed by the Office of Student Activities at Linfield College, with input from the Associated Students of Linfield College (ASLC) and the Dean of Students Office.

What is this action plan for and what does it seek to accomplish?

Several student groups (ASLC, College Democrats Club, Voto Latino Club) encourage democracy and regularly host events to help students register to vote. This action plan seeks to streamline those existing processes and create opportunities for collaboration across those student groups.

Where will this action plan be implemented?

This plan will be implemented via the ASLC student leaders, with the assistance and advisement of the Office of Student Activities.

Why was this action plan developed?

To strengthen our student democracy and voter engagement.

When does this action plan start and end?

This action plan begins in the fall of 2020 and ends in the spring of 2021.

How will this action plan be implemented?

The Office of Student Activities will provide regular reminders to ASLC and relevant student groups who are already doing this work. ASLC student leaders meet with the Office of Student Activities regularly; the voter engagement plan will be added to ASLC's regular meeting agenda to ensure we are monitoring its progress.

SHORT-TERM GOALS

- Implement an annual practice of the ASLC President emailing all students to register to vote, providing information about the next voter registration drive on campus.
 - Write this into the transition notes for the next ASLC President.
- Provide opportunities for ASLC, College Democrats Club, and Voto Latino Club to work together in their voter engagement efforts.
 - Call a meeting with ASLC and Club leaders to discuss their plan in spring 2020.
- Increase the percentage of Linfield College students who vote in the 2020 election cycle.
 - Compare 2020-2021 data to 2019-2020 data gathered by ALL IN and the Office of Institutional Research.

SUMMARY

The Office of Student Activities prioritizes the student voice, and will continue to support the work of students while empowering to implement their own vision for voter engagement. Since there are already several student groups doing voter engagement work, the Office of Student Activities will encourage ASLC and those student groups to further that work in any way we can.
